ForaCare Suisse AG

# FORA® 6 Connect

The **first Multi-Parameter Handheld Device** which enables the home monitoring of **six parameters** with the **same level of precision and accuracy** as a laboratory analysis.

It measures **blood glucose (BG)**, **haemoglobin concentration (HCT)**,  **$\beta$ -ketone (KB)**, **uric acid (UA)** and **total cholesterol (TCH)** in a **simple, accurate and reliable** way.

FORA® 6 Connect comes with a superb Bluetooth connectivity which supports iFORA HM (compatible with iOS and Android system).

ForaCare Telehealth System saves your patients' data and tracks your patients' health condition anywhere, anytime.

# Technology brings people closer

---

Connects wirelessly **with Bluetooth** Smart Technology which easily syncs valuable data to your **smartphone or tablet**. Our free app, **iFORA HM**, available for **Android and iOS**, accurately collects data for you to analyze.

The image shows a FORA 6 Connect O glucometer on the left, displaying a blood glucose reading of 92 mg/dL. A Bluetooth symbol is positioned below it. In the center, the text "Test Simply. Live Better." is written in orange, with a diamond icon and the letters "HM" above it. Below this text are two app store download buttons: "Download on the App Store" and "GET IT ON Google Play". On the right, a smartphone displays the iFORA HM app interface, which features a table of health data.

	BG	HCT	HB	KB	TCH	UA
2018	Health Data		Upload Status			
02/09 4:34	BG		92			
02/09 23:35	HCT		42			
02/09 23:35	BG		98			
02/09 23:35	HB		14.2			
02/09 23:30	TCH		160			
02/09 23:25	UA		3.6			
02/09 11:23	KB		0.4			
02/08 18:42	BG		98			
02/08 14:18	BG		101			
02/08 6:37	BG		87			

Patients, families, healthcare providers, and consultants can easily analyze health records remotely and respond efficiently. Within the FORA® Telehealth System, **caregivers can also send reports to their patients in real time.**
